Linkedin : Nisa Jamalia Hanif | Portfolio : <https://nisa-portofolio.vercel.app/>

Computer Science student with over three years of experience in mobile application development, specializing in native Android development. Currently exploring Data Science and Artificial Intelligence, with a strong interest in Mobile Development and UI/UX Design.

Education Level

Bina Nusantara University – Computer Science

Aug 2023 – June 2027

- Top 10 Finalist in DOW & Arizona State University's 2025 Innovation Competition
- Top 10 Finalist in ITCC UI/UX Design 2024 Competition
- Selected Awardee – Coding Camp by DBS Foundation (Data Scientist Path) 2026
- Creating more than 10 projects relating to the university courses
- Competing in 7 national and International competition

SMK Islamic Development Network – Software Engineer

2019 – 2022

- Completed 25+ projects (web & mobile applications).
- Software Engineering Internship at a Startup
- Facilitator at Indonesia Android Kejar by Google (Batch 3)

Organisational Experience

Curiosity Lab Assistant – Software & Product Development

Dec 2023 – Present

- Internal student research and competition team supervised by the Head of Study Program.
- Participated in 7 national and international competitions within one year.
- Delivered official presentation at Pre-FYP event to 70+ freshmen, promoting lab activities and recruitment.

Google Developer Group on Campus @Binus – Android Core Team

Jan 2024 – Feb 2025

- Mentored peers in Android programming, covering tools, best practices, and project execution.
- Conducted interactive sessions and discussions on mobile development.
- Supported community workshops and Android learning initiatives.

Informatics Engineering Student Association – Public Relation Devision

March2024 – Feb2025

- Speaker at ShareIT HIMTI 2025, enhancing public speaking and engagement skills.
- Designed visual content for Binus Company Visit 2024.
- Negotiated sponsorships and secured partnerships for TECHNO 2024

Work Experience

PT Medco Energy E&P – Software Engineer Intern

Mei 2026 – Nov 2026

- Developed a real-time mobile reporting app for field workers to report operational issues.
- Developed mSeek, an AI agent for accessing Medco documents, draft releases, and policies.
- Analyzed NPT data using DataIKU to assess operational inefficiencies and financial losses.

PT Nusantara Global Inovasi – Android Mobile Developer

Januari 2021 – Juny 2021

- Created a real estate mobile app using Android Studio and Kotlin.
- Developed custom RESTful APIs for property listings and user interactions.
- Integrated Firebase Authentication for secure user access.
- Acquired full-stack mobile development experience in Android UI/UX design, backend integration, and deployment.

Selected Awardee – Coding Camp by DBS Foundation (Data Scientist Path)

February 2026 – July 2026

- Selected as one of 3,000 participants in a national workforce development program by DBS Foundation and Dicoding Indonesia, focused on building industry-ready technical and professional skills.

Skill

- **Soft Skills:** Problem Solving, Teamwork, Collaboration, Adaptability, Communication, Responsibility, Creativity, Leadership
- **Hard Skills:** Kotlin, Java, Flutter, C/C++, Python, HTML, PHP, JavaScript, Laravel, React.js, RestAPI, MVC, MVVM, Data cleaning, Data validation, Data visualization, Data Analysis, Data Binding, Jetpack Compose, Dagger, Hilt, MySQL, SQLi, Firebase, Postman, Git, UI/UX Design, Figma, Prototyping, Wireframing, Coroutines, Retrofit, DataIKU, UIPath
